The Ribbon Collection

This season's Ribbon Bags are woven with a unique jacquard or tapestry ribbon (most are vintage). And naturally they are complemented with colorful and coordinating ribbons! It adds a touch of texture and design to the polka dot and stripe grosgrain! Testa Ribbon Bags are *always* available with or without the weave!

The Best of the '80s

The '80s was an interesting period in fashion times. It ranged from silk blouses with shoulder pads and gold lamé, to blouses with a bow around the neck and satin ribbon barrettes! Inspired by these two memorable statements, this combination is one trendy and feminine bag! P.S. Your guy doesn't need Capezios or a Members Only to make this look cool!

This Season's Funky Finds

What is the coziest fabric to snuggle with in the summer? Terry Cloth, of course! These bags are as comfy as your favorite beach towel or robe. This collection of vintage towels and terry cloth fabric colorfully represents most womens' choices of "comfort cloths" from the '50s, '60s and '70s.

NEW The Yoga Bag

Come on... Tell me you don't need a better way to carry your mat to the gym. The Yoga Bag is the answer. A sleek, vertical bag that cinches closed and hangs right over your shoulder. Complete with two inside pockets (for cell phone or keys) and a fabric "towel bar" to hang your towel or resistance bands. These will go fast so order one now!

The Everything Bag

Do you ever find yourself with too much stuff to carry at once? The Everything Bag is an organized and cool way to hold it all. Wisely lined with a "wipeable" nylon, it boasts two inside pockets and a divider, an outside pocket and an optional cosmetic bag to match! Originally a diaper bag designed for moms, customers have used theirs for so much more! Use it as a *gym bag, beach bag, travel bag, diaper bag or STUFF bag!*

The Best of the '80s

Dear friends,

The warmer seasons are times for starting anew! We clean out, brighten-up and anticipate a fresh bloom in everything around us. In my quest to spring into summer, I discovered lots of old memorabilia that reflects the past 50 years, thus inspiring the SEASON OF THE DECADES, creating colorful and bold combinations of sentiment and style. It's *The Preppy Handbook meets Sex and the City*, with the authentic testa trademark of anything vintage!

Best regards,
Nicole
